2017-18	Vriddhi Software	2 Build 200.4
2016-17	Vriddhi Software	2 Build 183.3
2015-16	Vriddhi Software	2 Build 153.4
2009-15	Vriddhi Software	2 Build 153.4

Since 2009 SBPIM Library uses Vriddhi Software with barcode technology for all operations of Library, in 2020 new cloud based ERP has been introduced namely Eduplus for all campuses of PCET. This software is very user friendly in terms of planning and coordination. We at PCET introduced RFID technology in our all campus, successfully adopted RFID technology for ID-card to monitor attendance, entry and exit. Koha software for Library is very compatible for RFID technology so all PCET Libraries have switched on Koha Software it is very user friendly for all library daily operations. SBPIM has successfully installed all advanced Library support systems in our Library. Book Drop box kept outside of Library for returning of Books even after the Library closed. Gate Station is installed in the main door of Library to keep tracking of in-out books. If any book can go outside without issue it rings buzzer. OPAC is installed on the entrance wall to search the availability of books in Library. Self-Kiosk is installed in the Library to easy issue return books for all users.
