Since 2009 SBPIM Library uses Vriddhi Software with barcode technology Version 2.0 Build 261.04 full version for all operations of Library, from 2020 we have started using Eduplus ERP for campus new cloud based ERP software this is user friendly for planning, and coordination. PCET introduced RFID technology in our campus, Implementation of RFID technology in ID-card to monitor attendance, entry and exit and Koha software for Library is very compatible for RFID technology, in our all PCET Libraries we have switched on Koha Software it is very user friendly for all library daily operations. We have Installed all stations in our Library. Book Drop box kept outside from Library for returning of Books after the Library closed. Gate Station is installed in the main door of Library to keep tracking of in out books. If any book can go outside without issue it rings buzzer. OPAC is installed on the entrance wall to search the availability of books in Library Self-Kiosk is installed in the Library to easy issue return books for all users.
